

# *Final Countdown...*

The original 1892 Rumsey pumper, their first vehicle and even today the pride of Protection Engine Company No.1, symbolizes the proud tradition of 100 years of firefighting service to our community by this company of the PWvFD. The celebration, parade and block party (with music by country and western "Six Gun", and "Juke Box Saturday Night" '50's & '60's popular groups) takes place this Saturday, June 27, and all of Port is invited...so be there!
